CHILD RELEASE FORM

Our Licensing standards requires full information on both parents. Parents who are separated, divorced, and any single parent must provide appropriate documentation of legal guardianship if only one parent is a sole guardian of the child. If the parent does not provide other parent's information , i.e., or court documents for sole guardianship, our school does not have the authority to withhold the child from the other parent when he/she comes to pick up the child from the school.

I have read the above statement and fully understand and agree with the program's policy that the program is not accountable for releasing my child to his/her parent without the legal documentation of sole guardianship.
